

Allopathic Medical Schools that Require Biochemistry (2004)

School Name	Biochemistry	Notes on Biochemistry
Michigan State University	Required	Counts as an upper-level Biological Science course that is required. Other alternate choices are Cell Biology, Genetics, Microbiology, Molecular Biology, Neuroscience, Physiology or Embryology.
University of Michigan	Required	
Mayo Medical School	Required	
University of Minnesota Minneapolis	Required	
University of Minnesota Duluth	Required	
University of Mississippi	Required	Accepted as a required advanced science course.
University of Missouri Kansas City	Required	
University of Nebraska	Required	
UMDNJ New Jersey	Required	Accepted as part of the 8 hours of required chemistry (inorganic, physical, analytical or biochemistry) in addition to the required 8 hours of organic chemistry.
University of New Mexico	Required	
Case Western Reserve	Required	5-year Cleveland Clinic Lerner Physician Investigators College Program
Brown Medical School	Required	
University of Washington	Required	Description in MSAR suggests strong knowledge in Biochemistry is required prior matriculation.
Keck School of Medicine	Required	
University of California Davis	Required	Accepted as a required upper division biology course. Other courses considered are molecular biology, cell biology and genetics.
University of California Irvine	Required	
Florida State University	Required	
University of Florida	Required	
University of Hawaii	Required	

Allopathic Medical Schools that Recommend or Strongly Recommend Biochemistry (2004)

School Name	Biochemistry	Notes on Biochemistry
Loyola University Stritch School of Medicine	Recommended	Can substitute Organic II w/ Biochemistry
Rush Medical College	Recommended	can substitute Organic II w/ Biochemistry
Southern Illinois University	Strongly Recommended	
University of Chicago Pritzker	Recommended	can substitute Organic II w/ Biochemistry
University of Illinois	Recommended	can substitute Organic II w/ Biochemistry
Johns Hopkins University	Recommended	can substitute Organic II w/ Biochemistry
Harvard	Recommended	
University of Massachusetts	Recommended	
St. Louis University	Strongly Recommended	
University of Missouri Columbia	Strongly Recommended	
Creighton University	Strongly Recommended	
University of Nevada	Recommended	
Dartmouth	Recommended	
New York University	Strongly Recommended	
SUNY Brooklyn	Recommended	
Stony Brook	Recommended	
University of Rochester	Strongly Recommended	Can substitute Organic II w/ Biochemistry
Duke University	Recommended	
University of North Carolina Chapel Hill	Recommended	Can substitute Organic II w/ Biochemistry
University of North Dakota	Recommended	Can substitute Organic II w/ Biochemistry
Wright State University	Strongly Recommended	
Oregon Health & Science University	Recommended	
University of Puerto Rico School of Medicine	Strongly Recommended	
University of South Dakota	Recommended	Can substitute Organic II w/ Biochemistry
East Tennessee State University	Strongly Recommended	
University of Vermont	Recommended	
West Virginia University	Strongly Recommended	
University of Wisconsin	Recommended	
Loma Linda University	Strongly Recommended	
Stanford University	Strongly Recommended	
University of California San Diego	Recommended	
University of Colorado	Recommended	
University of Connecticut	Recommended	
Georgetown University	Strongly Recommended	Can substitute Organic II w/ Biochemistry
University of Miami	Strongly Recommended	Can substitute Organic II w/ Biochemistry
Emory University	Strongly Recommended	
Medical College of Georgia	Strongly Recommended	
Mercer University	Strongly Recommended	Can substitute Organic II w/ Biochemistry
