## Discussion Items:

### 1. Readmission in UF Online

- a. UF Online students who do not take courses for two consecutive semesters must apply again through the UF Online application site by the deadline for the term they wish to register.
  - i. Students are supposed to start at the UFO application for this, not the “readmission” application for general UF students
  - ii. TJ can add info to the UFO webpage
  - iii. It’s a regular application and they check a box that says they’ve attended UF in the past
- b. Fresh Start in UF Online? Anyone considering this or doing this? How about readmitting students with deficit points or dismissed from residential?
  - i. Business has always done it for online students. They do require all pre-reqs to be done. They consider anyone who has been dismissed and been out for 5 years. They require a personal statement and letter of rec from an employer, and a resume.
  - ii. HHP allows it, requires letter and resume
  - iii. Both HHP and WCBA consider non-dismissed students with deficit records, but they have to have a removable amount of deficit points within the classes they have left without having to get a 4.0 to be successful.

### 2. Fall Advising

- a. Pressure points in courses?
- b. PaCE advising stories: please be ready to discuss your PaCE advising experience so far and what has or has not been going well.
- c. Original section of IUF 1000 filled, new section just added with 60 additional seats (24D9). No more seats likely for Fall 2015. Expecting 180 seats in Spring 2016.
