COVID-19 Safety Protocols

Online section: If you are registered for the online section of this course, you may not attend the face-to-face class. Please see ‘Seating Capacity’ for further details. Your class will meet at the same time as the face-to-face class via the Zoom link above.

Face-to-Face section: For students receiving face-to-face instruction this semester, certain protocols for health and safety must be followed strictly and conscientiously. The following classroom policies regarding Covid-19

1
safety have been established to ensure that all face-to-face interactions conform to CDC guidelines and university policy.

1. **University Behavior Policies**
   Remember that there are strict and crucial policies regarding behavioral expectations during this time. During the semester, you may find yourself in a circumstance that requires you to abstain from physical class attendance, quarantine, or otherwise alter your behavior. **You may NOT attend physical class if you are feeling ill.** Review the university policies regarding behavioral requirements: [https://policy.ufl.edu/policy/student-behavioral-expectations-in-response-to-covid-19/](https://policy.ufl.edu/policy/student-behavioral-expectations-in-response-to-covid-19/). These policies are strictly enforced and failure to adhere to these expectations will result in a report to the Dean of Students and a possible conduct code violation.

2. **Seating Capacity**
   In order to maintain social distancing, the seating capacity of all UF classrooms is being held at around twenty percent of normal capacity. Our classroom this semester—Farrior Hall 2000—has a maximum capacity of 6 students. **Only students who are registered for a face-to-face will be allowed to enter the classroom. Students who register for online sections are expected to attend online and will not be able to switch during the term. However, students registered for the face-to-face section may attend online if they wish.**

3. **Mask-Wearing Policy**
   In keeping with UF Health guidelines, students in face-to-face sections will be expected to maintain physical distancing in the classroom and to remain masked during the class meeting. This applies to the instructors as well. **Students are required to wear masks in the classroom at all times without exception.**

4. **Social-Distancing Policy**
   Students may only sit in certain seats, which will be marked accordingly. On the first day of face-to-face instruction, seats will be assigned. Students will only sit in their assigned seat. Students are encouraged not to enter the building until a few minutes before class begins. While waiting to enter the classroom, students must stand on specially marked spaces on the second floor lobby of Farrior Hall to ensure appropriate distancing. When entering or exiting the room, students should do so one at a time, maintaining the six-foot distancing rule. Students should only enter or exit via the door nearest their assigned seat. At the end of each class, students will exit the room in order of distance from their seat to the exit, with students seated nearest the exit leaving first. The front of the room will be marked off for the instructor only. **Do not approach the instructor or step into the instructor area of the room at any time.**

5. **Disinfecting Policy**
   Before leaving the classroom, students are required to sanitize the area around their seat by wiping the armrests and spraying down the chair and desk with disinfectant. Cleaning supplies will be provided for this purpose. Hand sanitizer will be provided in a dispenser located in the second-floor lobby. Students are encouraged to carry their own sanitizer as well. Students should sanitize their hands before and after touching common surfaces such as doors.

**COURSE DESCRIPTION**

This course is intended for students in their freshman or sophomore year who are interested in pursuing admission to healthcare professional graduate programs. This course will provide information on how students can begin to prepare for being a healthcare professional and applying to health graduate programs. It will also introduce students to current topics in healthcare in a holistic, mind-body-spirit context including exploration of the patient/family experience, and one’s self as related to healthcare issues and topics. The use of the word ‘medicine’ in this course is all encompassing to include all healthcare professions.

COURSE OBJECTIVES

1. To explore what is necessary to be a competitive applicant to health profession graduate programs.
2. To explore the experience of healthcare from the multiple perspectives of the patient, the family and the healthcare provider
3. To explore the patient-professional relationship
4. To reflect on the concept of humanism in relation to healthcare
5. To gain awareness and understanding of personal strengths, traits, type and qualities
6. To encourage reflection of current healthcare issues and ethical dilemmas
7. To complete a personal and professional development plan so as to pursue admission to professional school.

The instructor reserves the right to change the content of this syllabus at any time. This syllabus is a guide and every attempt is made to provide an accurate overview of the course. However, circumstances and events may make it necessary for the instructor to modify the syllabus during the semester and may depend, in part, on the progress, needs, and experiences of the students. Changes to the syllabus will be made with advance notice.

COURSE REQUIREMENTS:

NO LATE SUBMISSIONS – All assignments are due at the beginning of class on the date specified in the syllabus. Suggestions for completion of each component of the portfolio are listed in the weekly schedule.

All ‘Forms and Handouts’ can be found under the ‘Form and Handouts Module’ link in Canvas.

1. **In-class attendance and participation** – (15 points)
   Attendance is required. One point will be deducted from total points for each unapproved/undocumented/unexcused absence. Please see the university attendance policy below.

2. **Reading Reflections** – (20 points)
   Reflective writing is a necessary skill in healthcare professions. Much of the application and interview process involves reflections related to healthcare issues and personal experiences.

   All assigned reading is completed prior to coming to class and the reflections are done either as a **Discussion Questions** or a **Book Reflection** as assigned. The ‘Book Reflection Form’ is in ‘Forms and Handouts’ module and is submitted via Canvas in .doc format. They and are due at the beginning of each class.

   - **Reading Reflections**: 11 font, single spaced
     Based on the text, *Every Patient Tells a Story* - Use the ‘Book Reflection form’ found in Canvas under the ‘Forms and Handout’ Module. Read carefully, then synthesize what you read to respond to the questions asked on the form. Do not repeat what is stated in the book.

   - **Discussion Questions**: Minimum 250 words, 11 font, single spaced

ACADEMIC HONOR CODE AND ACADEMIC HONESTY

University of Florida students Honor Code:
Preamble:
In adopting this Honor Code, the students of the University of Florida recognize that academic honesty and integrity are fundamental values of the University community. Students who enroll at the University commit to holding themselves and their peers to the high standard of honor required by the Honor Code. Any individual who becomes aware of a violation of the Honor Code is bound by honor to take corrective action. A student-run Honor Court and faculty support are crucial to the success of the Honor Code. The quality of a University of Florida education is dependent upon community acceptance and enforcement of the Honor Code.

The Honor Code:
We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honesty and integrity.

Pledge:
On all work submitted for credit by students at the University of Florida, the following pledge is either required or implied: "On my honor, I have neither given nor received unauthorized aid in doing this assignment."

An academic honesty offense is defined as the act of lying, cheating, or stealing academic information so that one gains academic advantage. As a University of Florida student, one is expected to neither commit nor assist another in committing an academic honesty violation. Additionally, it is the student’s duty to report observed academic honesty violations. Violations of the Honor Code and academic dishonesty will not be tolerated. Specifically, instructors will rigorously pursue incidents of plagiarism of any type or incidents of referring to any unauthorized material for any class requirement. Before submitting any work for this class, please read the policies about academic honesty at www.dso.ufl.edu/sccr, and ask the instructors to clarify any expectations you do not understand. Any occurrence of academic dishonesty will be reported to the judicial body in the Dean of Students office and may result in failure of this course.

ADA STATEMENT

The University of Florida provides high-quality services to students with disabilities, and we encourage you to take advantage of them. Students with disabilities needing academic accommodations should 1) Register with and provide documentation to Disability Resources (352-392-8565 www.dso.ufl.edu/drc/), and 2) Bring a letter to the instructor from Disability Resources indicating that you need academic accommodations. Please do this as soon as possible, preferably within the first week of class.

CIVILITY

Mature and respectful behavior is expected in this classroom when dealing with instructors and other students. Side conversations, sleeping, and reading other course material (or the Alligator, etc.) are not appropriate and may result in the student losing attendance credit for that day. Cell phones and pagers are NOT welcome in this classroom; please silence and put them away prior to the start of class.

STUDENT COMPLAINT PROCESS: Residential Course:

CONFIDENTIALITY

The content of a conversation between healthcare professional and patient is considered confidential and privileged. Likewise, in this course discussions and their content should be considered confidential and not discussed outside of class. The only exception is if there is concern for someone’s safety or the safety of another. If you have concerns, please contact the instructor.

GATORLINK E-MAIL

Students are required to have and use their GatorLink account for all UF related e-mail functions. Official university communications are sent to students at this email address.
Attendance: If you do miss a class for some reason, it is your responsibility to obtain any material or assignments from a fellow class member. Excused absences include:

**ATTENDANCE POLICY**

Requirements for class attendance and make-up exams, assignments, and other work in this course are consistent with university policies that can be found at: [https://catalog.ufl.edu/ugrad/current/regulations/info/attendance.aspx](https://catalog.ufl.edu/ugrad/current/regulations/info/attendance.aspx)

One point will be deducted from total points for each unapproved/undocumented absence.
