\*UF College of Pharmacy does not require Physics.

**Course Loads:** Rigorous course loads (15+ credits) including 2 or more science courses per semester is recommended for most professions. Always check your excess hours limit on ONE.UF to avoid incurring a tuition surcharge.

\*\*See <http://www.advising.ufl.edu/docs/PreHealthElectives.pdf> for more course suggestions.

**Other courses may be required by specific programs. You are responsible for knowing the requirements of the schools where you plan to apply.**

Many professional schools do not accept pre-requisite courses taken online or at non-U.S. institutions. Policies on AP, IB, AICE, and community college credit vary by school.
