Course Loads: Rigorous course loads (15+ credits) including 2 or more science courses per semester is recommended for most professions. Always check your excess hours limit on ONE.UF to avoid incurring a tuition surcharge.

**See <http://www.advising.ufl.edu/docs/PreHealthElectives.pdf> for more course suggestions.

Other courses may be required by specific programs. You are responsible for knowing the requirements of the schools where you plan to apply.

Many professional schools do not accept pre-requisite courses taken online or at non-U.S. institutions. Policies on AP, IB, AICE, and community college credit vary by school.
